External Technical Review Panel

Ad Hoc · Post-Publication · Non-Binding

Purpose

External Technical Review Panels provide independent critique of methods and analysis after publication of Phase I outputs.

Authority

Panels:

- review published materials only
- assess clarity, rigor, and methodological soundness
- submit written critiques

Panels do not:

- approve or block publication
- participate in governance
- issue endorsements
- recommend actions or reforms

Formation

- Convened by the Independent Governing Board
- Formed after publication of specific outputs
- Membership determined by domain relevance

Duration

- Panels are ad hoc and dissolve upon submission of their review

Transparency

- Reviews are published alongside original materials
- Responses or corrections follow the Corrections & Revisions Policy
